Executive Summary

□ Our Company:

With over 20 years of experience, Reliance Industrial Automation/ Reliance Way Engineering Construction LLC provides an array of services and solutions including **Electrical and Instrumentation Services, Industrial Automation Solutions, Calibration Services and Engineering Support Services**. RIA works with a wide range of customers, ranging from small and medium enterprises, to the major Oil and Gas companies of the region. Our expertise and exceptional competence enable us to undertake turnkey contracts in a cost-effective manner.

Executive Summary

► Our Company:

With over 20 plus years of experience, Reliance Industrial Automation/Reliance Way Engineering Construction LLC provides an array of services and solutions including **Electrical and Instrumentation Design Engineering Construction commissioning and maintenance Services, Industrial Automation Solutions, Calibration Services and Engineering Support Services**. RIA works with a wide range of customers, ranging from small and medium enterprises, to the major Oil and Gas companies of the region. Our expertise and exceptional competence enable us to undertake turnkey contracts in a cost-effective manner.

Services offered

- 1. Electrical and Instrumentation Turnkey Projects**
- 2. Automation Solutions**
- 3. Calibration Services**
- 4. Engineering Support Services**
- 5. Skilled Resources**

1. Electrical and Instrumentation Services

RIA delivers electrical and instrumentation services for Oil and Gas and EPC companies, with scalable scope, based on client requirements.

RIA has successfully executed E&I projects and maintenance orders for customers across the UAE. Highly qualified and experienced staff enable timely completion of jobs while maintaining the highest health, safety, and quality standards.

1. Electrical and Instrumentation Services

Our E&I services include (but are not limited to):

- **E&I Erection and Commissioning**
- **E&I Maintenance**
- **High Pressure Testing and Measurement**
- **High Pressure Pumps Service and Maintenance**
- **Service and Replacement of field instruments**

2. Automation Solutions

We have vast experience in undertaking the complete scope of automation in projects, from design, to integration, to on-site commissioning support for DCS ESD and PLC based control systems. DCS support for various DCS including Honeywell

As OEM-authorised System Integrator for Allen Bradley and Ewon products. At RIA, we believe alignment with customers' needs is particularly important to automation, in order to identify their specific requirements, and meet deadlines.

2. Automation Solutions

➤ System Integration

Our system integration Facility in Jebel Ali Free Zone is staffed with an experienced crew and equipped with the sophisticated tools needed to deliver high standards of safety and quality. Our facility has already carried out complex projects involving ESD, DCS and SCADA systems

The System Integration facility, including a FAT staging area and conference room, is used for automation control panels and Low Voltage (LV) panels.

2. Automation Solutions

➤ **System Integration for the International Market**

We as Authorised system integrator, design engineering and system integration of PLC control panels for the international market.

System Integration

11

2. Automation Solutions

➤ OEM Authorised System Integrator

RIA is an authorised System Integrator for Rockwell Automation (Allen Bradley) products.

RIA is also an authorised System Integrator for Ewon products, used for remote monitoring of PLCs and other automation units.

Being an OEM-authorised System Integrator allows RIA to benefit from direct support from the OEM, which translates into a higher quality of service offered to RIA's customers.

2. Automation Solutions

Automation projects executed include:

- **Load Shedding Systems**
- **Pressure Testing Systems**
- **Oil and Gas plant DCS**
- **Petrochemical plant DCS**
- **District Cooling Plant Automation**
- **Weighbridge Automation**
- **Pump and Motor Control Systems**

3. Calibration Services

Reliance Industrial Automation has a proven track record in calibration, with calibration jobs executed for ADNOC Refining and ADNOC Gas Processing.

RIA is equipped with an experienced calibration crew with a focus on timely execution and hand-over of calibration jobs.

Our calibration equipment is strictly controlled and calibration certificates of the calibrating equipment are maintained

3. Calibration Services

RIA undertakes a wide range of calibration orders, based on customer requirements, including:

- **Weighbridge Calibration**

Such as Merit, Schenck, Avery and other manufacturers

- **Management of complete calibration contracts**

RIA's expertise in vendor management reduces costs and time to delivery for its customers

4. Engineering Support Services

RIA is capable of mobilising specialised staff for project and operational support.

RIA works closely with our partners to provide highly experienced staff with CICPA passes and UAE experience, as required.

4. Engineering Support Services

RIA has a comprehensive database of personnel including:

1. Instrumentation and Electrical design and construction Engineers (Offshore & Onshore Experience)
2. Process Engineers
3. DCS and PLC Automation Engineers
4. Electrical and Instrument designres (Offshore & Onshore experienced)
5. Piping Engineers and pipeline Engineers

4. Engineering Support Services

RIA has a comprehensive database of personnel including:

- 6. Quality control and Inspection Engineers
- 7. Testing and Commissioning Engineers
- 8. Designers (Piping and Instrument)
- 9. AutoCAD Draftsman
- 10. E&I Technicians
- 11. Mechanical Technicians

Current Oil and Gas Registrations

RIA has a comprehensive database of personnel including:

- | | | |
|---|----------------------|-------------------------------------|
| 1 | ADNOC | : Supplier Unique ID. AN01055124090 |
| • | ADNOC Refining | : Contractor |
| • | ADNOC Offshore | : Contractor |

Subject: Reliance Industrial Automation FZCO, Dubai, U.A.E

Dear Sir(s),

This letter is to confirm that **Reliance Industrial Automation FZCO, Dubai, U.A.E** is a member of the Rockwell Automation System Integration Program as a System Integrator.

As a Rockwell Automation System Integration Program member, **Reliance Industrial Automation FZCO, Dubai, U.A.E** have access to:

- Rockwell Automation Enterprise Software Toolkit
- Rockwell Automation TechConnect™ Support Service
- Rockwell Automation SI CoTM Training Workshops
- Rockwell Automation genuine products source and Encompass™ 3rd-party partner products
- Partner Program and product tips & updates
- Knowledge Network – Partner Only Online Learning Series technical updates and training

Reliance Industrial Automation FZCO, Dubai, U.A.E current enrollment to the program is valid until **February 2, 2019** and open for renewal.

Should you require any further clarifications please feel free to contact the under signed.

Yours faithfully,

Neil Quadros, Channel Manager UAE,
on behalf of Wael Radwan Regional Channel Manager, ME

Subject: Product Supply and Technical Know-How Support Letter

M/s Reliance Industrial Automation FZCO, located, P.O. Box 262806, Dubai, United Arab Emirates, is a system integrator working with Siemens LLC for Automation and Drives Products such as SIMATIC PLC, SCADA, HMI, and WINCC for projects in the region.

If required by M/s Reliance Industrial Automation and upon concluding an agreement, Siemens LLC or its agents will supply for the above-mentioned materials and provide required technical support to M/s Reliance Industrial Automation FZCO, located, P.O. Box 262806 for Siemens LLC specified projects.

It is well understood that the below Siemens Export Control and regulation clause will be included in all agreements and must be complied with.

"If the Customer transfers the Equipment/Material/Goods/Works provided or performed by the Supplier/Siemens to a third party, it shall comply with all applicable national and international (re-) export control and embargo regulations. In any event of such transfer of Works, the Customer shall comply with the (re-)export control regulations of the Federal Republic of Germany of the European Union and of the United States of America."

This letter is valid and effective until: 30th September 2019

Operational Fitness Certificate

GOVERNMENT OF DUBAI

مؤسسة الموانئ والجمارك والمنطقة الحرة
PORTS, CUSTOMS & FREE ZONE CORPORATION

Operation Fitness Certificate

CERTIFICATE NO 2679

Lessee	: Reliance Industrial Automation FZCO
Location	: JAFZA-RA08DC04
License No(s)	: 113531
Building Completion Certificate (BCC)	: N/A
Equipment Machinery List No	: N/A
Chemical List No	: N/A

This is to certify that Environment, Health and Safety (EHS) of Trakhees - Ports, Customs & Free Zone Corporation is satisfied that the operations of the above mentioned client tenant under the stated license number and the declared locations, as assessed during the inspections, is acceptable from Environment, Health & Safety perspectives. Any proposed variations in the operations/locations must be approved by EHS prior to any change. Attention is drawn to all current EHS applicable regulations in regard to ongoing responsibilities towards clean and safe operations.

The Certificate covers the following scope of operations:
Power Control Switchgear & Distribution Panels Assembly

Original Approval	: 14/04/2009
Current Certificate	: 22/03/2015
Certificate Expiry	: 14/03/2018

Approved By: _____

G.K.SINGH
Manager-Operations
Environment Health & Safety - Trakhees
Ports, Customs & Free Zone Corporation.

This Operation Fitness Certificate (OFC) is valid for the period of License validity or one year, (whichever is earlier) and a new OFC needs to be obtained prior to expiry, subject to applicable regulations and EHS requirements. An OFC will require to be amended whenever changes/conditions are incorporated into the client's facilities/operations, for which the client must notify EHS well in advance. Any newly issued (amended/renewed) OFC supersedes the previous OFC.
